The Director
Kuwait Oil Company
Kuwait

Dear Sir,

Sub : TSI Flowmeters Ltd

We wish to compliment Mr Tim Carew of TSI Flowmeters Ltd for manufacturing such a fine product for hydrant and Five truck water pump test .

It is a robust, reliable but simple to use measuring equipment. Just ' Plug and Read' .

Our major customer, Malaysian Fire Rescue Department bought 40 units in year 2004. Impressed by its performance this year 2006 they placed an order for additional 45 units. The product is technically superior and its cost efficient.

Thank you.

Yours faithfully,

Mahyuddin Bin Alias
